- Strongly disagree

13. My child feels valued and accepted as a Child of God at this school

20 responses

14. I would recommend this school to another parent

20 responses

15. What are the best things about Kirkstall St Stephen's CE Primary School?

The teaching staff and TAs are lovely

The community feel of the school

It is inclusive of all abilities and very nurturing

Strong leadership, excellent and committed teachers, sense of community, variety of activities e.g. science week, sports week etc. are really good to keep challenging and engaging the children.  
Thank you

That staff are amazing

Everyone is treated equally.

feels welcome by both the teachers and her peers and has had a wonderful 5 years

The friendly and supportive atmosphere created by staff. Great organisation of the curriculum with interesting topic drivers. Brilliant leadership which is open and transparent. Genuine hard work by every member of staff in the school.

The best thing about the school is Stephen Kaye he is so approachable and the children respect him. He is brilliant with all the children and parents.

Mrs Straw is also one of the best things about KSS, I wish every class could have a teacher like her. She is a fantastic teacher and amazing with all the pupils and parents.

I like that it's a small school and the children know all the staff and the other pupils. I like the children look after each other for example at the run in the abbey the older children supported the younger ones.

Family and caring atmosphere, approachable staff/open door policy, willingness to receive and implement feedback, extra activities like sports week, science week, refugee week, fun runs etc. Celebration and clear encouragement of all children's strengths and achievements eg celebration assemblies and other initiatives.

Family atmosphere. The teachers all know all the children.

The community feel. Staff know the children and are supportive

This year we have loved the year 3/4 production of Shrek, and really appreciated the effort that has gone into organising the sports, science and refugee weeks, and end of term church services. Thank you for giving the children lots of experiences that aren't just academic.

The children have a strong sense of belonging.

We appreciate the photos posted on dojo of school work/activities.

Thank you to all of the teachers for your hard work!

16. Is there anything you would change about Kirkstall St Stephen's CE Primary School?

No

The way that bullying is dealt with, in my opinion the child who is the bully isn't dealt with strongly enough and the child who is bullied doesn't get the correct follow up support then it happens again

Could preschoolers be allowed to join after school club to help working parents?  
Introduce PE earlier in reception, to encourage healthy lifestyle and introduce sport?

If a child is upset and something happens with them and another child it should be dealt with

No I feel that my daughter has everything she needs from school.

I wouldn't want to change anything. I think it is a school which balances support, care and nurture with high academic expectations. I hope that this continues to be the case especially as pressure increases on schools through ofsted and government and local authority policy. I really hope that St Stephen's retains the values and culture of support and care it has worked hard and fought hard to maintain for the children because I've never seen more happy children particularly in my daughters class. They really love school and learning and that is precious to me and my family!

I would like the teachers to be more visible at drop off and pick up to discuss any concerns. This year has been a difficult one for my child and myself. I have had a few concerns and I have felt that the only way I have been able to raise these concerns is to have a meeting with Mr Shepherd as the class teachers are unapproachable. I hope that this improves next year as this year is the first time that I have ever had any issues at the school.

I have answered a few of the above questions with I don't know this is because of the this year. I would have highly recommended this school and said that my child is happy and cherished prior to this year. I hope next year I will be able to answer all questions with strongly agree.

The lunch options - menu hasn't changed the whole year, large number of meals based on potatoes, very limited vegetarian options.

Organisation seems a bit lacking sometimes, although I see school is working hard to improve this.

- Challenge the higher ability kids in class more to keep them interested in learning.
- Start a buddy system between Reception starters and year 6s to help them settle.
- Restart stay and play in Reception for parents to interact with their children in the classroom setting.
