## Autumn 1 2024/ 2025 – Year 2 – Invasion Games

### Knowledge Organiser Invasion Year 2

**Ladder Knowledge**

- standing & moving:** controlling the ball before sending it will help you to get it to the right place in play.
- Or-losing:** looking your feet up will help you to see what defences are.
- Space:** moving into space away from defences helps you to pass and receive a ball.
- Attacking:** when your team is in possession of the ball you are an attacker and we can score.
- Defending:** when your team is not in possession of the ball, you are a defender and need to try to get the ball. Standing between the ball and the attacker will help you to stop them from getting the ball.

#### About this Unit

Invasion games are games where there are two teams and two goals. Teams try to score in the opposite team's goal. Examples include football, handball, rugby, netball, basketball, hockey.

In invasion games, the team that is in possession of the ball (the team that has the ball) are the attackers. The team that is not in possession of the ball (the team that does not have the ball) are the defenders.

If you enjoy this unit why not see if there is a club in your local area that plays an invasion game. This could be a basketball, football, handball, hockey, netball or tag rugby club.

**This unit will help you to:**

- change direction quickly
- balance
- move different parts of your body at the same time
- be faster
- move for longer

#### Protect the gate

What you need: 3 players and 1 cone placed in each corner

**How to play:**

- Place three objects in a triangle formation.
- One player (the defender) begins next to the triangle.
- The other players (the attacker) begin with the ball far away from the triangle.
- The attacker can move anywhere so long as they remain far away from the triangle. The attacker scores points by rolling the ball through the triangle.
- The defender then changes roles.

What was your score out of?
