About this Unit

This unit is inspired by lots of different themes. Here are some that you may explore...

STAMP, CLAP

Choreographers (people who make up dances) sometimes don't perform to music.

Dance groups all over the world use everyday items such as brooms, bin lids and basketballs, as well as their own bodies as their stimulus to choreograph dance.

In this theme, you will be choreographing a dance and creating the music yourselves using your bodies.

Bhangra Dance

Bhangra is the traditional dance of Punjab in India. It originated with farmers as a folk dance celebrating the time of the harvest. Bhangra is traditionally danced to the dhol drum and has a very energetic and lively tone. It is often danced in circles and uses a lot of arm and shoulder movement.

1970s Disco

Developed during the mid-twentieth century and has since grown to become one of the most popular genres for formally trained dancers throughout the world.

Contemporary dance is all about self-expression, storytelling, and interpretation. Contemporary dancers have freedom of movement, allowing their bodies to freely express feelings, characters and events.

- Disco first appeared in the early 1970s in the clubs of New York.
- Flared trousers, wildly-patterned shirts and colourful scarves were popular items of clothes to wear to the disco.
- Disco dance actions involve twists, turns, kicks and lots of struts to the disco beats.
